ANETS Crispy Food Warmer and Fri-Crisp Stations Keep Your Food Crisp, Hot And Fresh

The **Anets Crispy Food Warmer** Holds "fry ahead" production. Efficient infrared heat keeps food hot and fresh. To accommodate a variety of products, the stainless steel hood is adjustable to three different heights. An easily removable bulb guard protects the bulbs from damage. This unit fits on an optional Anets Drain Shelf on any high efficiency Anets fryer, allowing for more counter work space while creating a dump station. The Crispy Food Warmer is also available as an option on a Filtronic II filter system dump station.

Anets Fri-Crisp Station is an economical way to generate more volume! Benefit by utilizing the Anets Crispy Food Warmer built into a stainless steel cabinet including extra storage capacity. Keep up with the peak serving periods easily and efficiently. The Anets Fri-Crisp lets you prepare ahead...so you can serve hot, fresh food to every customer. Cabinet includes shelf glides for accommodating (2) optional standard pans for save-n-hold storage without using additional space. Custom design a complete Anets line-up, match this Fri-Crisp with any high efficiency Anets 14" or 18" fryer.
